Pediatric/Child Psychologist

Children's Behavioral Medicine Collaborative | Tacoma, WA

Position Overview

Position	Pediatric/Child Psychologist
Organization	Children's Behavioral Medicine Collaborative
Location	Tacoma, Washington
Setting	Outpatient pediatric psychology and neuropsychology practice
Licensure	Licensed or license-eligible in Washington State
Compensation	Commensurate with experience

About Us

Children's Behavioral Medicine Collaborative is a growing practice providing pediatric psychology and neuropsychology services in Tacoma, Washington. Our mission is to provide the highest quality of outpatient behavioral medicine care for children so that they can confidently live their lives to the fullest.

We are a collaborative team that values clinical excellence, professional growth, and a sustainable pace of practice.

Position Summary

We are seeking a fellowship-trained pediatric or child psychologist to join our team. The psychologist will provide evidence-based assessment and treatment to children, adolescents, and their families in an outpatient setting. Candidates with a particular interest in medical and/or neurodevelopmental disorders are especially encouraged to apply. Clinical supervision toward licensure is available for license-eligible candidates.

Key Responsibilities

- Provide evidence-based individual, family, and parent-focused interventions for a range of emotional, behavioral, and developmental concerns.
- Assess and treat children whose psychological functioning is affected by medical conditions and/or neurodevelopmental disorders.
- Develop individualized treatment plans and communicate findings and recommendations clearly to families.
- Collaborate with pediatricians, schools, specialists, and other providers to coordinate care.

- Maintain timely, accurate clinical documentation in accordance with professional, ethical, and legal standards.
- Participate in team consultation and ongoing professional development.

Qualifications

Required

- Doctoral degree (PhD or PsyD) in clinical psychology from an accredited program.
- Completion of a postdoctoral fellowship in pediatric or child psychology.
- Licensed as a psychologist in Washington State, or license-eligible.
- Training and experience in psychological assessment and evidence-based treatment of children, adolescents, and families.

Preferred

- Particular interest or experience in pediatric medical conditions and/or neurodevelopmental disorders.
- Strong written and verbal communication skills, including the ability to explain findings clearly to families and other providers.
- A collaborative approach to care.

What We Offer

- Strong work/life balance in a relaxed, supportive work environment.
- Clinical supervision toward licensure for license-eligible candidates.
- The opportunity to join a growing practice and help shape its pediatric psychology services.
- Competitive compensation, commensurate with experience.

How to Apply

Interested applicants should submit a CV and a cover letter with a statement of interest to Children's Behavioral Medicine Collaborative at admin@childrensbmc.com.

Children's Behavioral Medicine Collaborative is an equal opportunity employer.
